Science des Procédés Céramiques
et de Traitements de Surface

A unique opportunity for students, researchers and engineers from all over the world to discover or extend their knowledge in materials for optics.

Held at the “Le Green Saint-Lazare”
<http://www.legreensaintlazare.com/>
the Summer School takes full advantage of its location in the heart of Limoges, the French capital of ceramics.

Summer School includes high-level invited talks, SPCTS & XLIM labs tour, company visits, social events...

Registration fees: (the registration fees include access to all technical sessions, admission to get-together party, banquet, accommodation, lunch breaks)

- ☐ student (400€)
- ☐ non-student (500€)
